SOCIAL PARTICIPATION

Upholding corporate social responsibility with a goal of "Ending Hunger," the Company maintains ongoing focus on community development and social needs where it operates.

- Understand on-the-ground needs in Taoyuan across disability care, child protection, life education, and indigenous development
- Allocate an annual charitable donation budget to actively support local social welfare and charitable organizations
- Encourage top students to give back to society through public infrastructure participation, industry-academia collaboration, and scholarships
- Strengthen positive ties between the Company and local communities, embodying local care
- Continuously review the effectiveness of internal resource investment to meet diverse stakeholder expectations
